

2017 Penn State Actuarial Science CAREER FAIR

Business Building Atrium
Monday, 11 September 2017
5:00 PM – 8:00 PM

A Message from the Penn State Actuarial Science Club

The Penn State Actuarial Science Club is pleased to host the 2017 Penn State Actuarial Career Fair. We look forward to welcoming you all to our event.

The Penn State Actuarial Science Club is a student-run organization for those who are interested in pursuing an actuarial degree in Risk Management, Mathematics, or Statistics. A career as an actuary demands knowledge of math, economics, finance, and risk management in the business world. It is a highly challenging and rewarding career for those who enjoy problem solving.

The club aims to provide students with a better understanding of the actuarial field while providing guidance into launching a professional career. Students have the ability to meet professional actuaries as well as other actuarial students. Students are exposed to real life actuarial applications and are provided with study resources for actuarial exams.

To learn more about the club, please visit the club website:
<http://www.psuactsci.com/>

At this career-defining event, take the opportunity to meet representatives from various companies, learn about the opportunities that they provide, and thank them for supporting the growth of Penn State Actuarial Science.

See you there!

Thank You to Our Top Sponsors!

Prudential

PRUDENTIAL FINANCIAL
CAMPUS RECRUITING

Prudential Financial is a proud sponsor of the *Penn State Actuarial Science Club*

Each year, Prudential Financial's campus recruiting team helps hundreds of students launch their careers. As a leading global financial services company, we're dedicated to creating early career opportunities to ensure that everyone has the chance to learn, grow, expand their professional horizons, and make a real impact starting on day one.

For students interested in actuarial careers, we offer:

- **Summer internship positions** across various businesses within the organization
- **Actuarial Success Awareness Program (ASAP):** a one-week program designed to introduce diverse communities to actuarial science and the actuarial profession
- **Actuarial Leadership Development Program (ALDP):** a 12-18 month rotational program for recent graduates to expose them to real-life actuarial problems

To explore current opportunities and apply, visit the Penn State careers website.
